Number of adjacent property owners/residents _____
Number of adjacent property owners/residents signing petition _____
Percentage of adjacent property owners/residents signing petition _____

SITE PLAN INSTRUCTIONS:

The purpose of the site plan is to show where the animal enclosure will be located in relationship to adjacent buildings.

The Site Plan must be drawn to a readable scale, be dimensioned and include the following:

1. All property lines. Planning Staff will provide copies of assessor maps to help with this, and will also indicate which lots are "adjacent".
2. The location of the animal enclosure or pen.
3. The location of all buildings on adjacent lots. Not all of the house needs to be shown; see the example below. You may also use an aerial map to show the buildings.
4. The distance between the animal enclosure and the buildings on adjacent structures.
5. Street address on each lot, and the street name.
